

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Andrzej Odziomek
DOCKET NO.: 06-28291.001-R-1
PARCEL NO.: 04-33-304-007-0000

The parties of record before the Property Tax Appeal Board are Andrzej Odziomek, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 62-year old, two-story dwelling of frame construction containing 2,767 square feet of living area.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story or one and one-half-story frame dwellings that are 58 or 62 years old for consideration. The comparables range in size from 1,223 to 1,634 square feet of living area and have improvement assessments ranging from \$13.16 to \$13.59 per square foot of living area. The appellant's petition indicated the subject is a one and one-half-story dwelling that contains 1,507 square feet. The only evidence submitted by the appellant to support this claim was a photograph which depicts what appears to be a two-story dwelling. The appellant claimed the subject's improvement assessment is \$26.34 per square foot of living area, based on 1,507 square feet of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review also submitted the subject's property characteristic sheet which indicates the subject is a two-story dwelling containing 2,767 square feet of living area. Based on this size, the appellant's improvement assessment is \$14.34 per

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

| LAND: | \$ | 8,208 |
| IMPR.: | \$ | 39,688 |
| TOTAL: | \$ | 47,896 |

square foot. The board of review further presented descriptions and assessment information on four comparable properties consisting of two-story frame dwellings that are 62 years old. The dwellings range in size from 2,400 to 2,682 square feet of living area and have improvement assessments ranging from \$15.04 to \$15.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

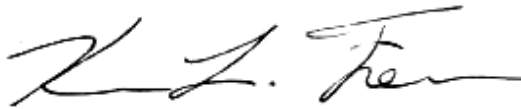

The Board finds the appellant's petition indicated the subject is a one and one-half-story frame dwelling that contains 1,507 square feet of living area, but submitted no evidence, other than a photograph depicting a two-story dwelling, to support his claim. The board of review submitted the subject's property characteristic sheet, which describes a two-story dwelling containing 2,767 square feet. The Board finds the subject's property characteristic sheet provides the best evidence in the record of the subject's design and size.

The Board finds the comparables submitted by the board of review were most similar to the subject in size, design, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$15.04 to \$15.41 per square foot of living area. The subject's improvement assessment of \$14.34 per square foot of living area is below this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
